The table of insurance coverage limits is an integral part of the insurance terms and conditions.

Before you buy insurance (pre-contract information)

Before arranging insurance, always consider the nature of your trip and all the activities you intend to pursue. Make sure the product version you have selected and its extension options include these activities.

When taking out a policy on behalf of someone who is not a member of your immediate family, obtain their consent and forward the insurance terms and conditions to them.

What is Sbaleno Travel Insurance

Sbaleno travel insurance protects you when travelling from the Czech Republic abroad. Your trip may take up to 360 days.

It covers accidental events related to travel (but never to travel concerns) and the occurrence of COVID-19, as described below in the insurance terms and conditions, which occur during the insurance period, both before embarking on the trip and in its course.

Sbaleno may be arranged in several variants according to the purpose of the trip and the level of insurance coverage desired. The basic insurance coverage and its extension options (e.g. trip cancellation insurance or ERV Extra package) vary with each variant and are always colour-coded in the table of insurance coverage limits. As a minimum, each variant includes insurance of medical expenses, assistance services, accident insurance, personal effects insurance, and liability insurance.

Trip cancellation insurance provides coverage in case you need to suddenly cancel a reserved flight ticket, accommodation or a tour.

You can arrange trip cancellation insurance in two variants – **Storno** and **Storno Plus**. As a minimum, both variants enable travellers to cancel from serious medical reasons, incl. when they become sick with COVID-19. Storno Plus includes more reasons for cancellation, a wider range of insured persons, and a higher limit. Also, Storno Plus covers situations when the traveller is forced to cancel their trip because they fail to meet the health conditions for travel at the moment of departure unexpectedly and innocently in connection with COVID-19 (airport check, etc.).

You can arrange a trip cancellation insurance within 3 working days after payment for or order of the first travel service. If you pay or order your trip or a service related to your trip less than 15 days before the departure, you have to negotiate the trip cancellation insurance on the day of ordering.

If a trip to a country whose security, health, political or climatic situation may give rise to travel concerns is cancelled, the insurance claim settlement may be reduced by half.

In the table of insurance coverage limits, you will also find when and how much you must contribute in each settled claim (deductible).

What the insurance does not cover (exclusions)

The insurance does not cover events that you cause intentionally, events that constitute violations of the law as well as any of the events expressly listed among the exclusions.

For the list of exclusions, please see page 11 of the insurance terms and conditions, entitled „What the insurance does not cover“ as well as the detailed description of each type of insurance. All exclusions are colour-coded. Please review the exclusions before entering into an insurance contract.

Pay attention also to your responsibilities described in the insurance terms and conditions. By adhering to them, you will be able to use the insurance to the fullest and we will not have to cut or refuse your insurance claim settlement.

How much the insurance costs and how long it applies for

We usually set the price of the insurance (premium) for the entire insurance period. The price depends on the insurance coverage and the term of the selected insurance, the geographical area, the purpose of travel and the number and age of the people. The price is indicated in the insurance contract and is paid in a single instalment. The insurance contract is established with the payment of the premium, which must be paid before the onset of the trip.

The premium is not subject to value added tax and the insurance claim settlement is not liable to income tax.

Single-trip insurance begins and ends with the insured person crossing the border of the Czech Republic. The insurance ceases to be valid if you stay for more than 14 days in an area that we marked as a war zone during your stay or the Ministry of Foreign Affairs of the Czech Republic did not recommend travelling to it.

Travel cancellation insurance is established once the premium and the price of the travel service are paid and it continues to apply until you start to use your travel service(s) or cross the Czech border.

How the insurance is linked to other products

We offer insurance under the same conditions separately or as a supplement to another product or service (trip, flight ticket, bicycle, etc.). However, you can always buy a product or service without insurance.

How the insurance expires

A travel insurance usually expires with the lapse to the negotiated term. Insurance may also be terminated by

- our mutual consent,
- withdrawal from the contract, if either you or we submit false information,
- withdrawal from the contract within 14 days of arranging the policy using means of remote communication, as long as the term of the policy exceeds one month,
- a notice of termination sent within 2 months of the arrangement date. We will terminate the policy within 8 days of receiving the notice,
- a notice of termination sent within 3 months of reporting a claim. We will terminate the insurance within 30 days of receiving the notice,
- a notice of termination you will serve within 2 months of establishing that we have violated the equal treatment principles. We will terminate the insurance within 8 days of receiving the notice.

Frequently asked questions

Not everyone has the time or the patience to read the lengthy insurance terms and conditions. Therefore, we have created a list of questions and answers, which will provide you with all the essentials you need to know.

Does my insurance cover COVID-19?

Yes, even basic Sbaleno coverage includes medical expenses for COVID-19. Both, Storno and Storno Plus enable to cancel your trip if you become sick with COVID-19. When you buy ERV Extra package, your insurance also apply to situations, where you have to extend your stay abroad, because you are unexpectedly and through no fault of your own put in quarantine or fail to meet the health conditions for travelling back home (check-up at the airport, etc.).

What children's benefits do you provide?

Children under the age of 18 may either benefit from a discount or be included under a competitive family rate for the annual MultiTrip insurance.

Does my age influence insurance conditions?

Up to the age of 69 years and 364 days, your insurance will be subject entirely to the default insurance terms and conditions; after you turn 70, your insurance will be modified or personalised.

Will you insure me if I am pregnant?

Yes, up to 2 months before the scheduled delivery date, we will also cover any treatment or operation related to your pregnancy. The insurance also covers early childbirth and care of the new-born baby. However, your pregnancy must not be diagnosed as risky.

Will I get insured if I am undergoing a long-term treatment?

Yes, you will, the insurance is also available to the chronically ill. However, the condition is that your health status has been stabilised for 6 months before the planned departure, i.e. there have been no medical complications, or changes in medication or treatment regimen during that time. For trip cancellation insurance it is 6 months before the insurance is taken out.

What does "deductible" mean?

Deductible is a specific amount or percentage you contribute to each claim settled. For example, if your deductible is 20%, on a claim amounting to CZK 10,000, we will pay you CZK 8,000. When taking out your insurance, you may select a variant with or without a deductible.

Do I have to pay anything if I see a doctor?

If you need medical attention, first contact our assistance services, which will recommend a suitable healthcare establishment. Typically, you will not have to pay anything within our network of partner hospitals. At other establishments, do not pay more than €150, which is the amount that will be paid to you upon your return home. Before paying a higher amount, inform our assistance services first.

Will you reimburse me for the fare if I take a taxi to a doctor?

For help in emergency situations, contact our assistance services as soon as possible. If the situation so requires, we will also cover the taxi fare.

Will you also reimburse me for medical air transfer to a hospital?

Yes, in an emergency situation, your air transfer will be reimbursed from your insurance. As the air transfer is provided by our assistance services, you must contact them as soon as possible after the situation occurs.

Does my insurance cover an intervention of the mountain rescue service or rescuers?

Yes, an intervention by the mountain rescue service or rescuers is covered in emergency situations. This does not apply to extraordinary search operations in remote places or in extreme conditions (e.g. in rebel areas, on the open sea, etc.).

Is my luggage insured?

Yes. We will cover damage to your personal effects (luggage) if it occurs as a result of a natural event, a theft provided that the perpetrator had to overcome an obstacle, a robbery, a traffic accident or during air carriage. What general rules of insurance apply? (general insurance terms and conditions)

This section lays down further general rules governing our policies.

1. What is travel insurance?

- Travel insurance provides insurance coverage on individual trips abroad. It covers accidental events related to travel (but never to travel concerns) and the occurrence of COVID-19, which occur during the insurance period, both before embarking on the trip and in its course.
- Sbaleno travel insurance is intended for single travels from the Czech Republic to destinations abroad. A single trip may take up to 360 days. Sbaleno travel insurance does not replace public health insurance.
- Trip cancellation insurance provides you with insurance coverage when you have to cancel your trip or travel-related service for serious reasons.

2. How an insurance contract is formed

- The insurance is regulated under Act No. 89/2012 Coll., Civil Code (hereinafter referred to as the "Act"), and other generally binding legal regulations of the Czech Republic. It is also governed by the present insurance terms and conditions and other provisions of the insurance contract. The latter is governed by Czech law.
- An insurance contract will be deemed established between us once you pay the premium.
- We will issue a policy for you, stating your name, the names of the other insured persons, the insurance contract number, the insurance coverage and the duration thereof, the amount of the premium and the date of establishment of the contract.
- The insurance contract and any legal acts related to the insurance must be provided in writing. This requirement is fulfilled

when we communicate electronically or by phone as long as we are able to verify your identity in such communication.

- You are required to inform us of any changes to your personal data, including your contact address.

3. How we determine the premium

- We determine the premium according to the geographical area, purpose of your trip, and the insurance coverage you choose. For trip cancellation insurance, according to the price of the services in relation to which the insurance is being arranged.
- We set the insurance premium for the entire duration of the insurance, and the amount and due date thereof are stipulated in the insurance contract.

4. Where the insurance applies

What are the purposes of personal data processing

We need your personal data so that we can evaluate the insurance risk and arrange an insurance policy, for administration of your insurance policy and related records, sending of insurance policies and/or for examination of an insurance claim or payout of indemnity. All communication with us is monitored and archived, including client calls. Neither arrangement of an insurance policy nor administration of an insurance policy nor resolution of an insurance claim can occur without personal data processing. We may also process your personal data in order to fulfil regulatory requirements for insurance statistics or for development of new tariffs.

Therefore, our processing of data constitutes personal data processing as defined in particular by Act No. 277/2009 Coll., on insurance, and Act No. 89/2012 Coll., the Civil Code. Processing of personal data for direct marketing purposes is our legitimate interest under the GDPR.

Another legitimate interest of ours is processing of your personal data for ensuring IT operations and their security and for prevention and investigation, particularly if there is a suspicion of insurance fraud.

How we store personal data

We store insurance policies with your personal data on the servers of our internal system, and upon request we can provide extracts from them for you.

When arranging insurance coverage electronically, the policy will be entered into in individual steps defined by the technical solution of the on-line system. When insurance data are entered, the system will enable you to identify and correct any potential errors.

What if you refuse to provide personal data

If you refuse to provide personal data, then unfortunately we cannot enter into an insurance policy with you or process your insurance claim.

For how long we process personal data

We are authorised to store your personal data for the duration of the insurance policy or based on obligations stemming from such policy, but for a maximum of 16 years, after which your personal data will be destroyed. Following the expiration of the regular statute of limitations in accordance with the Civil Code, which is 4 years, your personal data will be pseudonymised in our IT system and archived until their destruction occurs.

Personal data are stored based on statutory archiving requirements, particularly pursuant to tax and accounting regulations.

With whom we share your personal data

We are entitled to share your personal data with a third party only in exceptional cases, and solely when investigating your insurance claim or administering your insurance policy.

We, our employees or contractual processors, particularly IT service providers, assistance companies, securing parties and/or insurance brokers have access to your personal data.

If you are interested, you can find a complete list of contractual processors, including descriptions of their activities, on our website.
