### Information about the insurance

The rights and obligations of the parties to the Insurance Agreement are determined by the Civil Code and the Insurance Conditions. The insurance protection applies to random incidents, which are detailed in the Insurance Conditions and which occurred during the insurance period.

This insurance provides insurance protection in cases where the Insured cannot attend the event which he/she bought a ticket for due to serious reasons that are expressly specified in the Insurance Conditions. Such serious reasons are deemed to be, for example, an

injury, acute illness including COVID-19, ordered personal preventive quarantine (due to a contact with COVID-19 positive person) or death of the persons specified in the Insurance Conditions, damage to the place of residence, etc.

Premium for ticket insurance is included in the ticket price. The ticket insurance may be agreed no later than on the business day following the ticket purchase.

If you are concluding the insurance for a person other than a family member, you should obtain her/his consent and familiarize her/him with the Insurance Conditions.

### Exclusions from insurance

Insurance applies only to random incidents. Incidents that occurred namely through deliberate conduct of the policyholder, insured or other persons at the instigation of the former, as a result of chronic illness, widespread intervention of state power or public administration, blanket quarantine, as well as incidents explicitly listed as exclusions in the insurance conditions, are excluded from insurance.

All exclusions are colour-coded. Please review them before entering into an insurance contract.

### Premium

The premium shall be determined for the entire period which the insurance is agreed for (one-off premium), on the basis of actual insurance-mathematical assumptions of individual risks and the ticket price. The premium amount is specified in the Insurance Agreement (Policy). The Insurance Agreement is concluded upon payment of the premium.

Regardless the reason or manner of insurance termination one-off premium always belongs to the insurer in full.

### Insurance period

The insurance commences upon concluding the Insurance Agreement (payment of the premium) and expires upon entering the event.

### Expiry of insurance

The insurance terminates upon expiry of the policy period, by agreement, or if the premium is not paid.

The Policyholder or the Insurer may terminate the Insurance Agreement due to a breach of the obligation to provide true information. Insurance

agreed through any means of distance communication for more than 1 month may be terminated by the Policyholder within 14 days of concluding the Agreement. The Policyholder or the Insurer may terminate the Policy by notice with a notice period of 8 days within 2 months of concluding the Agreement.

### How the insurance is linked to other products

We provide insurance as a supplement to another product or service (tickets).

### Law, courts, language

The insurance policy is governed by the legal code of the Czech Republic and disputes are decided by the respective courts of the Czech Republic. All communication with the insurer is conducted in the Czech language. In its activity, the insurer adheres to the Code of Ethics of the Czech Insurance Association, the Code of Ethics of the Financial Market ([www.cap.cz](http://www.cap.cz)) and the internal rules of the ERGO Group.
