Before you buy insurance (pre-contract information)

Before arranging the insurance, always consider the nature of your trips and all the activities you intend to pursue. Make sure the product version you have selected and its extension options include these activities.

When taking out insurance on behalf of somebody who is not a member of your nuclear family, obtain their consent and forward the insurance terms and conditions to them.

The English version of this document is an informative translation from the Czech language. In the event of any inconsistency between the language versions, the Czech version shall be binding.

What is SinglTrip travel insurance

SingleTrip travel insurance protects you when travelling from the Czech Republic abroad. Your trip may take up to 360 days.

It covers accidental events related to travel (but never to travel concerns) and the occurrence of COVID-19 as described below in the insurance terms and conditions, which occur during the insurance period, both before embarking on the trip and in its course.

SingleTrip may be arranged in four variants with different levels of the insurance coverage. The scope of basic insurance and the possibility of its extension are marked in the table of insurance coverage limits. As a minimum, each variant includes insurance of medical expenses, assistance services, personal effects and liability insurance.

The special term “closest relatives” has been introduced to determine the extent to which your family members are covered under your insurance. It can be found in the interpretation of terms.

An alternative territorial definition of Europe applies for car travel. It can also be found in the interpretation of terms.

The insurance terms and conditions may contain more sections than are actually covered by the insurance you have taken out. The specific product you have taken out will be decisive at all times. Its exact scope of coverage can be found in the table of insurance coverage limits which forms an integral part of the insurance terms and conditions.

The table of insurance coverage limits also provides information on when and what amount you will contribute to each claim settled (deductible).

How cancellation insurance works

Trip cancellation insurance provides coverage in case you need to suddenly cancel a reserved flight ticket, accommodation or a tour.

The insurance always enables travellers to cancel from serious medical reasons, incl. when they become sick with COVID-19.

You can arrange trip cancellation insurance in two variants – **Storno** and **Storno Plus**. As a minimum, both variants enable travellers to cancel from serious medical reasons, incl. when they become sick with COVID-19.

Storno Plus includes more reasons for cancellation and a wider range of insured persons. Also, Storno Plus applies to situations where you have been ordered a personal preventive quarantine (due to a contact with COVID-19 positive person) or you fail to meet the health conditions for travel at the moment of departure (airport check, boarding a means of transport, crossing a national border etc.).

You can take out the insurance within 3 working days after you have booked the first travel service related to your trip or paid for the tour. If you book a travel service or pay for a tour less than 15 days before the departure date, you are required to take out cancellation insurance on the day of booking/payment. If you do not meet the deadlines for taking out insurance, we cannot provide you with insurance payments. In this case, you are entitled to a refund of the premium.

If a trip to a country whose security, health, political or climatic situation may give rise to travel concerns is cancelled, the insurance claim settlement may be reduced by half.

What the insurance does not cover (exclusions)

Insurance does not cover events that you cause intentionally, events that constitute violation of the law as well as any of the events expressly listed among the exclusions.

For the **list of exclusions**, please see **page 14** of the insurance terms and conditions, entitled „What the insurance does not cover“ as well as the detailed description of each type of insurance. All exclusions are colour-coded. Please review the exclusions before entering into an insurance contract.

Pay attention also to your responsibilities described in the insurance terms and conditions. By adhering to them, you will be able to use the insurance to the fullest and we will not have to cut or refuse your insurance claim settlement.

How the insurance operates in high-risk areas

Before arranging your insurance and setting out on your trip, please always read our latest position on the situation abroad, which is available on our website. Please also carefully follow all recommendations of the MFA (or other state administration bodies) related to travel and possible restrictions to it. Based on such latest information, your coverage may be restricted just before the day of your departure.

The insurance ceases to be valid if you stay for more than 14 days in an area that we marked as a war zone during your stay or the MFA did not recommend travelling to it. We will not terminate the insurance if you cannot leave the area for objective reasons.

How much the insurance costs and how long it applies for

We set the price of the insurance (one-off premium) for the entire insurance period. The price depends on the insurance coverage and the term of the selected insurance, the geographical area, the purpose of travel and the number and age of the people. The price is indicated

in the insurance contract and is paid in a single instalment. The insurance contract is established with the payment of the premium, which must be paid before the onset of the trip. One-off premium always belongs to the insurer in full.

The premium is not subject to value added tax and the insurance claim settlement is not liable to income tax.

Single trip insurance begins and ends the moment you cross the border of the Czech Republic.

Trip cancellation insurance is established once the premium is paid and ends the moment you start using the travel service or cross the border of the Czech Republic.

How the insurance is linked to other products

We offer insurance under the same conditions separately or as a supplement to another product or service (trip, flight ticket, bicycle, etc.). However, you can always buy a product or service without insurance.

How travel insurance expires

Travel insurance usually ends upon the expiration of the negotiated term.

Insurance may also be terminated by:

- our mutual consent,
- withdrawal from the contract, if either you or we submit false information,
- withdrawal from the contract within 14 days of arranging the insurance using means of remote communication, as long as the term of your insurance exceeds one month,
- a notice of termination sent within 2 months of the arrangement date. We will terminate your insurance within 8 days of receiving the notice,
- a notice of termination sent within 3 months of reporting a claim. We will terminate your insurance within 30 days of receiving the notice,
- a notice of termination sent within 2 months of establishing that we have violated the equal treatment principles. We will terminate your insurance within 8 days of receiving the notice.

Frequently asked questions

Not everyone has the time or the patience to read the lengthy insurance terms and conditions. Therefore, we have created a list of questions and answers, which will provide you with all the essentials you need to know.

Does my insurance cover COVID-19?

Yes, even basic coverage includes medical expenses for COVID-19. Our trip cancellation insurance enables to cancel your trip if you become sick with COVID-19. Storno Plus includes more reasons for cancellation, a wider range of insured persons. Also, Storno Plus applies to situations where you have been ordered a personal preventive quarantine (due to a contact with COVID-19 positive person) or you fail to meet the health conditions for travel at the moment of departure (airport check, boarding a means of transport, crossing a national border etc.). Emergency situations extension applies to situations, where you have to extend your stay abroad.

What benefits you provide for children?

Reduced premiums apply for children aged 0-17.

Does my age influence insurance conditions?

Up to the age of 69 years and 364 days, your insurance will be subject entirely to the default insurance terms and conditions; after you turn 70, your insurance will be modified or personalised.

Will you insure me if I am pregnant?

Yes, up to 2 months before the scheduled delivery date, we will also cover any treatment or operation related to your pregnancy. The insurance also covers early childbirth and care of the new-born baby. However, your pregnancy must not be diagnosed as risky.

Will I get insured if I am undergoing a long-term treatment?

Yes, you will, the insurance is also available to the chronically ill. However, the condition is that your health status has been stabilised for 6 months before the planned departure, i.e. there have been no medical complications, or changes in medication or treatment regimen during that time.

What does "deductible" mean?

Deductible is a specific amount or percentage you contribute to each claim settled. For example, if your deductible is 20%, on a claim amounting to CZK 10,000, we will pay you CZK 8,000.

Do I have to pay anything if I see a doctor?

If you need medical attention, first contact our Assistance, which will recommend a suitable healthcare establishment. In our network of partner clinics, as a rule, you will not have to pay anything; we will take care of your bill right away. In other establishments, you will mostly have to pay the bill yourself. Contacting the Assistance in a timely manner therefore saves you money, time and trouble.

Will you reimburse me for the fare if I take a taxi to a doctor?

For help in emergency situations, contact our Assistance as soon as possible. If the situation so requires, we will also cover the taxi fare.

When can I use "Doctor on the phone" service?

The service can be used for consultation of simple health problems (such as colds, fevers, allergies/rash, earaches, muscle strains) directly from your holiday location. We will also be able to issue e-prescriptions to a number of countries.

Is my luggage insured?

Yes. We will cover damage to your personal effects (luggage) if it occurs as a result of a natural event, a theft provided that the perpetrator had to overcome an obstacle, a robbery, a traffic accident or during air carriage. Individual items will be compensated at a value of up to 50% of the insurance coverage limit.

None of the basic insurance variants cover winter sports. However, all variants can be extended to include skiing and many other winter sports on marked trails and designated places up to 3,500 m above sea level.

Am I covered if I hit somebody on a ski slope?

Yes, as long as you have taken out winter sports extension. Liability insurance covers damage you inadvertently cause to another person. Always remember to contact our Assistance service.

What is the purpose of trip cancellation insurance?

Trip cancellation insurance provides coverage in case you need to suddenly cancel a reserved flight ticket, accommodation or a tour. The reasons may include, for example, your serious acute illness or injury that requires hospitalisation, death of your closest relative or extensive

damage to your residence. The deductible is 0 to 20% of the cancellation fees depending on the chosen variant. The amount of your deductible on each settled claim is stated in the table of insurance limits as well as in the insurance conditions wording.

Until when can I buy my cancellation insurance

You can take out the insurance within up to 3 working days after you have booked the first travel service related to your trip or paid for the trip. If you book a travel service or pay for a trip less than 15 days before the departure date, you are required to take out cancellation insurance on the day of booking/payment.

If you do not meet the deadlines for taking out insurance, we cannot provide you with insurance payments. In this case, you are entitled to a refund of the premium.

When you purchase your cancellation insurance in addition to our travel insurance, you get it with a discount of 1-2%.

How long am I covered by cancellation insurance?

Cancellation insurance lasts until you start to use your travel service(s) or cross the Czech border. This means, for example, when you check in at an airport or cross a border into a foreign country in your own vehicle.

Who do I turn to regarding an immobile vehicle?

Call the Assistance; they will put you through to Technical Assistance in case of the insured event involving a vehicle.

Does my insurance cover business trips?

Yes, we will take care of you regardless of whether you are travelling abroad for business or entertainment.

Does my insurance apply in dangerous areas?

Go to our website or use our mobile app to make sure the countries you are going to do not currently figure in a list of risk or war zones. Your insurance coverage either does not apply to such trips at all (war zones), or we can deny claim settlement (risk zones).

What terms we use

We tried to be as accurate as possible while writing the text of the insurance terms and conditions. Yet, it may not always reflect every possible scenario. In order to make the text easy to follow, we prepared a glossary of basic terms defining the expressions used.

Accident denotes a traffic accident or incident in which damage to the vehicle occurs as a result of vandalism, terrorism or other third party violent crimes, attempted theft of a vehicle or natural disaster.

Closest relatives are your parents and children, i.e. your dependants up to the age of 26. A husband and wife, registered partners and partners who share a common household are also regarded as the closest relatives.

Collective claim is a claim resulting from one event that involves more than 3 of your employees.

Compensation table is a list of physical harm scenarios caused by an injury, on the basis of which we determine the amount of permanent disablement benefits. The table is available at our website.

Continued treatment denotes health care that is provided to you following the treatment of an acute illness or injury. Whether we regard the treatment as continued treatment will be decided by the physician of our Assistance after consulting your attending physician.

Deductible denotes an amount you contribute to each claim settled.

Employee refers to a person under a labour-law or similar relationship with an employer, or an entrepreneurial natural person.

Employer refers to a legal entity or entrepreneurial natural person whose employees are covered by the insurance.

Europe means all european countries (incl. european parts of Russia and Transcaucasus), Canary Islands, Madeira, Azores and Mediterranean countries.

2. You can arrange this type of insurance in the **Storno** or **Storno Plus** variants.
 3. In the **Storno** variant, which applies only to the problems of yours or your fellow traveller, we recognise the following reasons for trip cancellation.
 - 3.1 hospitalization or confinement to bed following a decision of the attending physician,
 - 3.2 death,
 - 3.3 hospitalization due to pregnancy or the onset of a high-risk pregnancy up to two months before expected delivery,
 - 3.4 rape,
 - 3.5 COVID-19 illness.
 4. In the **Storno** variant, your deductible for each settled claim is 20%.

5. The **Storno Plus** variant includes everything from the Storno variant plus other serious verifiable reasons for which you may have to cancel your trip. These include:
 - 5.1 other serious verifiable reasons of you or your fellow traveller,
 - 5.2 serious verifiable health problems of persons who were not supposed to travel with you,
 - 5.3 other serious verifiable reasons of persons who were not supposed to travel with you,

13. If you cancel your trip to an area we regard as a risk zone, or where political, sanitary, or other conditions

can cause travel concerns, we can reduce the insurance claim settlement by half. We will only do so if there is a clear causal link between the emergency situation at a particular destination and the increased number of cancellations to that destination. We base this mainly on statements by government officials, opinions from health institutions or central administrative authorities, information in the media as well as our own internal data.

What general rules of insurance apply?

(general insurance terms and conditions)

This section lays down further general rules governing our policies.

1. What is travel insurance

- 1.1 Travel insurance provides insurance coverage on individual trips abroad. It covers accidental events related to travel (but never to travel concerns) and the occurrence of COVID-19, which occur during the insurance period, both before embarking on the trip and in its course.
- 1.2 SingleTrip travel insurance is designed for single travels from the Czech Republic to destinations abroad. A single trip may take up to 360 days.

- 1.4 Trip cancellation insurance provides you with insurance coverage when you have to cancel your trip or travel-related service for serious reasons.

2. How is an insurance contract formed

- 2.1 The insurance is regulated under Act No. 89/2012 Coll., Civil Code (hereinafter referred to as the “Act”), and other generally binding legal regulations of the Czech Republic. It is also governed by the present insurance terms and conditions and other provisions of the insurance contract. The latter is governed by Czech law and any disputes are resolved by Czech courts.
- 2.2 An insurance contract will be deemed established between us once you pay the premium.
- 2.3 We will issue a policy for you, stating your name, the names of the other insured persons, the insurance contract number, the insurance coverage and the duration thereof, the amount of the premium and the date of establishment of the contract.
- 2.4 The insurance contract and any legal acts related to the insurance must be provided in writing. This requirement is fulfilled when we communicate electronically or by phone as long as we are able to verify your identity in such communication.
- 2.5 You are required to inform us of any changes to your personal data, including your contact address.

3. How do we determine the premium

- 6.4 Trip cancellation insurance is established once the premium is paid and ends in the moment you start using the travel service or cross the border of the Czech Republic.
- 6.5 The insurance coverage may be limited based on our latest statement or recommendations of the MFA (or other state administration bodies) related to the situation abroad and possible travel restrictions.
